SAFETY AND HEALTH POLICY STATEMENT

Multilift Limited understand the hazards posed by our lifting logistics operations to the safety, health and welfare of employees, clients, visitors, contractors and any other person. The management is therefore committed in ensuring safe and responsible practices for the prevention of illness and injury at workplace through systematic, proactive, explicit and integral approach to safety and health issues in our day to day business activities.

We shall fulfill this commitment through the following actions:

- Recognise, assess and quantify potential occupational safety and health risks associated with our activities and provide control measures to eliminate, substitute or reduce the risks to acceptable levels.
- Conform to national legislation and other industry best practices to which the company subscribes to;
- Allocate adequate resources and necessary competency to safety and health implementation and provisions;
- Encourage consultation with and active participation of employees by continually seeking to improve the performance of safety and health practices through periodic reviews;
- Demonstrate responsibility and accountability of safety and health practices by all persons in relation to the company;
- Promote open communication with internal and external interested parties regarding our performance in safety and health;

This policy shall be reviewed periodically depending on the necessary changes affecting the safety, health and welfare of our employees

Managing Director
